VITAMIN ENRICHED STRENGTHENER

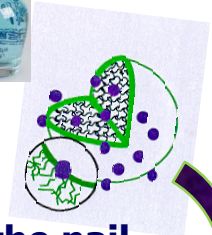

With Silk Lipesters®
FORTIFIES, REPAIRS AND PROTECTS

TREATMENT FOR SOFT,
 FRAGILE AND BREAKING
 NAILS

New Formula

BENEFITS

- ✓ Hardens, repairs and restructures deficient nails.
- ✓ Protects the nail against microbial attacks.
- ✓ Makes the growth easier and makes the nail stronger.
- ✓ Totally invisible .

ACTIVE INGREDIENTS

- **TARGETED MICROSPHERES** : Set on the nails and spread silicium and methionine continuously, giving strength to the nail.
- **ZINC METHIONATE ACETYL** : Activates the growth and resistance of the nail
- **SILK SERINE LIPESTERS®**: Repairs and protects the nail against bacterial and fungal attacks.
- **Provitamin B5** : Accelerates nails growth

INDICATIONS

SOFT, FRAGILE, DULL, BREAKING, SPLITTING NAILS

USE

3 applications a week (or more if needed) , in a 2 to 4 month treatment. To be used directly onto the nail. A polish can be applied over.

VITAMIN ENRICHED STRENGTHENER

With Silk Lipesters®

FORTIFIES, REPAIRS AND PROTECTS

EFFICIENCY PROVEN WITHIN A MONTH : NAILS ARE VISIBLY STRONGER, MORE RESISTANT AND NICER*

86 %

- REPAIRING, RESTRUCTURING, FORTIFYING EFFECT
- STRONGER NAILS

89 %

- IMPROVEMENT IN NAILS GROWTH
- NAILS ARE MORE RESISTANT

84 %

- SPLITTING/BREAKING NAILS LOOK BETTER

81 %

- NICER NAILS

** Tested by self-rating – 37 volunteers (soft, fragile, breaking or splitting nails). Efficiency after 1 month, 3 applications per week.*

ECRINAL®

CLEAR & SHINY TOP COAT

High-Resistance
PROTECTS AND STRENGTHENS

ACTIVE PROTECTION
OF SOFT, FRAGILE AND
BREAKING NAILS.

BENEFITS

- ✓ Makes a resistant film on the nail while drying to protect it instantly from any impacts like a 'protecting shield'
- ✓ Brings fortifying elements to the nail
- ✓ Improves the shiny effect and holding of polish, when applied as a top coat
- ✓ Gives an extreme shiny and colorless effect for a natural and nice looking of polished or natural nails
- ✓ Dries fast

ACTIVE INGREDIENTS

➤ **NONYCHOSINE®** : This active ingredient enhances the strength of nails thanks to 2 complementary actions :

Mechanical Action: Creates an ultra-resistant film on the nail when dry, making it instantly stronger and more resistant to impacts (shield like effect)

Physiological Action : Brings methionine and silicium to deficient nails, essential elements for their resistance.

INDICATIONS

FRAGILE, SOFT AND BREAKING NAILS

USE

Shine and protection of natural or polished nails:
Apply one coat directly onto the nail or as a top coat on polished nails

ECRINAL®

CLEAR & SHINY TOP COAT

High Resistance
PROTECTS AND STRENGTHENS

REPORTED EFFICIENCY : NAILS ARE STRONGER AND ARE MORE RESISTANT TO IMPACTS*

88 %*

• PROTECTING EFFECT AGAINST IMPACTS

94 %*

• STRENGTHENING EFFECT

90 %**

• BETTER HOLDING OF POLISH WHEN USED AS TOP COAT

100 %**

• POLISH IS MORE BRILLIANT WHEN USED AS TOP COAT

**Tested by self-rating – 34 volunteers (soft and breaking nails). **10 volunteers – Immediate efficiency and after 2 weeks of use*

ECRINAL®

FLEXIBLE PROTECTIVE BASECOAT

Protector with Silicium
SMOOTHES & PROTECTS THE NAIL

SMOOTHING &
PROTECTING TREATMENT
FOR UNEVEN AND
STRESSED NAILS

BENEFITS

- ✓ Makes irregular nail surface smooth and even
- ✓ Covers the nail with a protective coat to protect it against yellowing caused by colored polishes
- ✓ Brings fortifying and protective elements to the nail against aging and physical and chemical stress (**Silicium, Ginkgo biloba**)

New Formula

ACTIVE INGREDIENTS

- **PRO DSB®** : Spreads **silicium** by hydrolysis effect to strengthen the nail
- **GINKGO BILOBA**: Stimulates, revitalizes and protects the nail against aging and **oxydative stress** (anti-radical action)
- **SIBERIAN PINE OIL**: Rich in Essential Fatty Acids, in vitamin E and carotenoids, it helps nourish intensively fragile nails
- **MICA and HOLLOW FILLERS** : Unifying and smoothing particles to cover uneven surfaces

INDICATIONS

UNEVEN, ANAEMIC, FRAGILE AND STRESSED NAILS

USE

Apply 1 coat on the nail before any other polish. Then apply a coat of *Clear & Shiny Top Coat* to obtain a shiny/colorless effect

FLEXIBLE PROTECTIVE BASECOAT

Protector with Silicium

SMOOTHES & PROTECTS THE NAIL

EFFICIENCY REPORTED : NAILS ARE VISIBLY SMOOTH, PROTECTED, FORTIFIED*

89 %*

• HELPS EVEN OUT NAILS SURFACE / SMOOTHING ACTION

86 %*

• PROTECTIVE & STRENGTHENING EFFECT

96 %**

• POLISH HOLDS BETTER

**tested by self-rating – 28 volunteers (uneven, fragile, anaemic nails). **25 volunteers. Immediate efficiency and 2 weeks after use.*

ECRINAL®

CUTICLE SOFTENING GEL

with rice bran and grape seed oils
MOISTURIZES INTENSIVELY AND PUSHES THE CUTICLES BACK

EMOLLIENT CARE
FOR CUTICLES

BENEFITS

- ✓ Helps push back cuticles without damaging the nail and contour, thanks to a very mild formula and to intense moisturizing properties.
- ✓ Gives a healthy looking to the contour
- ✓ Alkaline cleaning agent free.

New Formula

ACTIVE INGREDIENTS

- **RICE BRAN & GRAPE SEED OILS** : this complex nourishes and moisturizes the nail and contour intensively, thanks to its essential fatty acids Omega 6 and lipids, making the contour healthy-looking and nicer.
- **PLANT GLYCERINE** : Moisturizes cuticles and nail contours

INDICATIONS

CUTICLES . ALSO RECOMMENDED FOR FRAGILE NAILS.

UTILISATION :

Once a week, apply the Gel onto cleansed nail contour. Let the gel acting for 5 minutes. Gently push back the cuticles using the stick. Then rinse hands.

CUTICLE SOFTENING GEL

with rice bran and grape seed oils

MOISTURIZES INTENSIVELY AND PUSHES THE CUTICLES BACK

IMMEDIATE & LONG-LASTING INTENSE MOISTURIZING EFFECT : THE NAIL CONTOUR IS CLEAN*

Hydration
+122 %

** % increase of hydration of the nail contour, 1 hour after application
Measured with CORNEOMETRE®CM 825 , tested on 10 volunteers, Treated / Non-treated side basis.*

EFFICIENCY REPORTED BY USERS FROM THE VERY FIRST APPLICATION**

90 %

• CLEAN & HEALTHY CONTOUR

93 %

• CONTOUR MORE HYDRATED

76 %

• CUTICLES EASILY PUSHED BACK

*** Tested by self-rating - 29 volunteers with cuticles. Results one hour after application.*

FRENCH MANICURE KIT

WHITE FRENCH TIP & PINK BLUSH COAT

**Ceramids & Rock Samphire
CARE AND MAKE-UP IN ONE !**

**MANICURE
TREATMENT FOR
FRAGILE NAILS**

BENEFITS

- ✓ Easy to apply by using the guide stickers to divide the tip area
- ✓ Very natural looking
- ✓ With rock samphire and ceramids to strengthen the nails
- ✓ The *Pink Blush Coat* smoothes the nail perfectly, for an immediate beauty effect

ACTIVE INGREDIENTS

- **CERAMIDS:** Lipids essential for the barrier function of the skin.

Strengthen the resistance of the nail by working on its plastic properties : the nail is supple and more resistant.

- **ROCK SAMPHIRE:** Brings fortifying mineral elements to the nails (calcium, magnesium, iron, zinc) .

USE

- 1: Put a guide-sticker onto cleansed and dry nails to divide the tip area
- 2: Apply the White French Tip
- 3: Let the product dry thoroughly then remove the guide stickers and apply the Blush Coat.
- 4: Once dry, apply the Clear & Shiny Coat to add a touch of gloss shine.

1 : WHITE STICKER

2 : BLUSH COAT

3 : SHINY TOP COAT

INDICATIONS

French Manicure Effect or nail care.
